SUPERKOP MANUAL ESPRESSO MAKER, PORTABLE

Human powered, The perfect brew.

Low effort, Great Espresso

Superkop is a Dutch design, human powered espresso making tool for the artisanal coffee lover. The clever mechanism provides an effortless, perfect extraction. It's easy to operate and intended for daily use. It uses freshly-ground coffee (no cups), does not require any warm-up and is virtually maintenance-free.

Superkop has been designed to last forever, making it the espresso tool for life.

RANCILIO COFFEE MACHINE SILVIA PRO

Brew like a Pro

Silvia Pro X is the single group dual boiler espresso machine designed for the home. Silvia Pro X offers the performance, reliability and thermal stability of Rancilio's professional espresso machines, and carries over the ease of use and iconic design of Silvia. With two internal PIDs for temperature control, a digital display and two boilers for independent management of coffee preparation and steam delivery, the Silvia Pro X is the ideal solution for the experienced home barista. In addition to the pressure gauge to keep the pressure in the coffee boiler under control at all times, there is also the soft infusion, an additional function for extracting all types of coffee in the best possible way.
